

## Welcome to Peace of Mind for the **Medical Practice**

**Licensed and Certified Small Business Specialists offer technology advice, support, and service, specific to your medical practice. We have years of experience with the medical field and HIPAA regulatory compliance. CitiscapE IT is 100 % HIPAA compliant. Staff are required to attend privacy & security training, pass HIPAA exams, and receive certifications. CitiscapE IT will gladly provide you with credible references upon request.**

Like most medical practices, you'd rather spend more time on your practice, and less time on your technology. As a Microsoft® Small Business Specialist, we can help your business thrive. To achieve Small Business Specialist status, we've been trained to help businesses like yours better respond to technology challenges.

By focusing on your unique IT needs, a Microsoft Small Business Specialist can assist you in making smart technology decisions for your practice. When you need to make smart technology decisions for your practice, using a Microsoft Small Business Specialist makes good business sense.

## Here are some of the benefits of using a Microsoft Small Business Specialist:

### Peace of Mind

You can feel confident knowing that Microsoft Small Business Specialists have the technical training and commitment to support your specific technology challenges.

### Efficiency

Microsoft Small Business Specialists are experts in small business technology. We can help you choose and implement the right solution for your business quickly and easily, saving you time and money.

Contact us today at 281-733-2422 so your medical practice can start realizing the benefits of working with a Microsoft Small Business Specialist. Help when you need it; peace of mind when you don't.

We look forward to working with you,
